

WESTERN REGIONAL CONFERENCE ON PROBLEM GAMBLING AWARENESS **FOCUS ON THE FUTURE**

May 6 – 9, 2019

ABOUT THE CONFERENCE

Dear Friends and Colleagues:

Focus on the Future is the largest and longest-standing conference on problem gambling awareness in the Pacific Northwest. Launched in 2007, **Focus on the Future** brings together an incredible mixture of compelling speakers – experts from across the country and around the world – and opportunities to network and learn from colleagues in the field. It is a place where you can exchange your ideas, experiences, and knowledge to become a collective voice in raising awareness and developing programs and services that have the greatest positive impact. Problem gambling affects every community in our region and can cripple the lives not only of problem gamblers themselves, but of their families and friends as well.

This conference will provide valuable insights on the tools and resources available for effective treatment, prevention, community engagement, and recovery services, as well as offering information on trends and innovative topics in gambling and gaming that affect your work. This year's topics include information on legal and ethical issues around telebehavioral health services, understanding military culture and treatment for disordered gambling and, back by popular demand, clinical strategies for addressing the personal finances of problem gamblers in treatment with Brian Farr. Join us at the Great Wolf Lodge® for these and so many more great sessions, plus you will have a prime opportunity to collaborate with and learn from some of the best in the field. You'll no doubt leave with some new connections and partnerships that may lead to enhanced and innovative approaches toward assisting those who are affected by problem gambling. Bring your family and come early to enjoy all the family fun at the Great Wolf Lodge®.

Thank you, to all of you who make such an important difference for those in our region who need support and services. We have much to look forward to as we **Focus on the Future** and all we can accomplish working together.

Sincerely,

Ty Lostutter

CONFERENCE COORDINATOR

Evergreen Council on Problem Gambling

Evergreen Council on Problem Gambling (ECPG) provides treatment, training, and awareness programs and services around problem and responsible gambling issues. We provide confidential support for those affected by gambling disorders through our 24-hour Problem Gambling Helpline by phone, text, or chat; and public awareness, education, prevention, and resource development services for individuals, families, employers, students, the gaming industry, and business and community groups. ECPG also provides training and certification programs and continuing education units (CEUs) for treatment professionals, recovery coaches, and casino and cardroom employees.

Gambling is a personal choice. And for the majority of residents in the Pacific Northwest, gambling is a source of fun, recreation, and entertainment. But for some, gambling can become a serious problem that leads to broken marriages and relationships, bankruptcy, depression, or even suicide. If you or someone you love struggles with a gambling problem, there is hope.

PRE-CONFERENCE WORKSHOPS

MONDAY, MAY 6

Stacy Charpentier, RCP, CPRS

Recovery Coaching and Professionalism - Part I

This workshop is a two-day training program for those who have completed the CCAR Recovery Coach Academy© curriculum. Recovery Coaches are typically found at local recovery community centers, but there is now a greater need for skilled coaches to work in other professional settings, such as hospitals, treatment facilities, police stations, and court systems. This training is for Recovery Coaches who are looking to work or currently working within professional settings. Additional fee for training manual: \$30.

Daniel Kaufmann, PhD, LMHC, BACC, ICGC-II

Clinical Supervision for Problem Gambling

Clinical supervision for gambling counselors is a critical element in workforce development. This workshop will include basic definitions, an overview of the supervision process, and a discussion of clinical consultation requirements for certification of gambling counselors. The case management section of this workshop will provide participants with practical knowledge and tools on how to treat addicted gamblers and their loved ones, and how to manage cases. This session allows attendees to learn from experienced clinicians how to construct and carry out a treatment plan, and some of the most effective practices for treating problem gamblers.

TUESDAY, MAY 7

Stacy Charpentier, RCP, CPRS

Recovery Coaching and Professionalism - Part II

Followed by a Recovery Coaching and Professionalism Training of Trainers.

Marlene Maheu, PhD

Telebehavioral Health Legal & Ethical Best Practices: Dos and Don'ts

This innovative, fast-moving yet introductory workshop will provide a practical overview of telebehavioral health laws and evidence-based techniques required by a variety of ethical codes of relevance to the audience. Legal issues covered will include licensure, informed consent, mandated reporting, malpractice carriers, HIPAA, HITECH, privacy, and confidentiality. Ethical issues will include boundaries, competence, and client/patient education techniques. Practical issues include conducting an online intake, planning for and handling emergencies, smartphones, iPads, apps, texting, and other innovative practices. Discussions will include examples of skills needed to practice/supervise using videoconferencing. Extensive handouts and references will be provided for audience members. Attend this program to glimpse how you too, can legally and ethically leverage the power and reach of telehealth to lower your overhead and reach more people.
